This is a guide to the probate records of New Plymouth Colony. They are scattered in a few places. Most are in the original Plymouth Colony probate records from 1633 to 1686, long referred to as Old Colony Wills. Those records were separated from the other Colony records and rebound in four volumes in 1818. Those volumes were originally housed at the Plymouth Registry of Deeds, and are now at the Massachusetts Archives in Boston. Researchers now have free online access to images of the four volumes in one set of images in the Historical Records Collection at FamilySearch.org.

Other probate records are found among the five volumes of court records, the volume of judicial acts, and the first volume of deeds, all published in Records of the Colony of New Plymouth in New England (court records in volumes 1-5, judicial acts in volume 6, and deeds in volume 12). Other probate records for Plymouth Colony estates are not found recorded in Plymouth Colony at all, but are found recorded in other places such as the Probate Acts Books of the Prerogative Court of Canterbury in the National Archives in London. This file is an attempt to compile a definitive guide to the records of Plymouth Colony estates, indicating online images of original Colony records and published transcriptions and abstracts of those records.

Some folios are duplicated in the images, and the duplicate image is indicated in parentheses, as in:

3:1:171-172 389 (390)

The general form used for entries is:

**SURNAME**

Given name, Type of entry (Year recorded and associated town) **Volume:part:folio Image**, where the entry in **bold-faced black** refers to the volume, part (for volumes 2-4) and folio as numbered in the manuscript volumes, and the entry in **bold-faced red** refers to the image number for that folio at FamilySearch.org.

Note that the associated town is sometimes not found in the probate records, especially in the earliest probates. In many cases I have been able to provide the town based upon other records. In some cases I have not determined the town, and in those cases the town is shown as -----. In some cases an archaic name of a settlement is given in the records, and I have given it followed by a slash and the name of the town which included it but which was incorporated after the probate, such as Cohannett/Taunton. In other cases an established settlement was later incorporated under the same name, and I have given that settlement as named in the probate, such as Sandwich.

Surnames are standardized to the most common spelling, sometimes followed by alternate spellings. Given names are also standardized to the most common spelling. The year given in parentheses is the year in which the item was recorded in the Colony records.

Other notations indicate probate records found somewhere other than OCW as well as published transcriptions and abstracts of those records. Images of original records are in **bold-faced red**, transcriptions in **bold-faced green**, and abstracts in **bold-faced blue**. Some records are found in the six manuscript volumes of Plymouth Colony Land Records, long referred to as Old Colony Deeds, which are also available in images at FamilySearch.org. References to those images are of the form:

**OCD Volume:part:folio Image**, where the entry in **bold-faced brown** refers to the volume, part (for volumes 1-5) and folio as numbered in the manuscript volumes, and the entry in **bold-faced orange** refers to the image number for that folio at FamilySearch.org.

The abbreviations used for the sources of published transcriptions and abstracts (see full citations on the previous page) are:

MD - *Mayflower Descendant*
NEHGR - *The New England Historical and Genealogical Register*
PCR - *Records of the Colony of New Plymouth in New England*
Pope - *The Plymouth Scrap Book*
Simmons - *Plymouth Colony Records, Volume 1: Wills and Inventories, 1633-1669*
Waters - *Genealogical gleanings in England*
Banks - *The English Ancestry and Homes of the Pilgrim Fathers*
Briggs - *History and Genealogy of the Briggs Family, 1254-1937*

Any work of this magnitude is almost certain to contain errors, and transcriptions and abstracts may introduce errors. Errors that I have found have been corrected in this file. If you discover any others please let me know about them by email to webmaster@plymouthcolony.net.
